Liberty Specialty Markets provides users with free access to an eLearning course library supplied by Access Group. This service can be obtained via our Liberty Risk Reduce Portal. Access eLearning has a wide range of RoSPA approved Health & Safety, Mental Health & Wellbeing and Soft Skills courses, which helps you to track and manage eLearning in your organisation.

It also allows you to assign, track, monitor and report against Health & Safety eLearning by employee, group or at organisation levels – so you can identify any health, safety, and compliance inconsistencies and address them with the right eLearning before any issues arise.

What are the benefits?

- Peace of mind by ensuring regulatory compliance for your business with full visibility of course completion, scores, and risk rating at employee level
- Support employee development with workplace skills and personal development courses
- Accessible using any internet enabled device including computers, iPads and even your smartphone
- Course certificates and reports are stored online in a secure central hub, meaning that you can access them easily whenever you need them
